Subject: Reg: Safety Deviation during excavation works (Rain Water Harvesting Sump at Block B)

Dear Sir,

This mail has reference to the subject and our discussion held with your site Engineer earlier today.

Please note that, following safety deviation has been observed while carrying out the excavation works for Rain Water Sump at B.

Diesel filling was carried out while the Excavator was in Running condition.

In view of the same, a penalty of INR 500/- is imposed and you are advised to get your safety supervisor and Excavator Operator F&S Training regarding for ensuring safe operations of Machinery.
